2001	U16	U17	U18	U19					
2000	U17	U18	U19						
1999	U18	U19							

When determining the age group for a season, the year the season ends should be used for determining the age group. The CASA season follows the school year (starts in the fall and ends in the spring).

For example, if your child was born in 2010 and this is the 2019-2020 school year, your child would be U10.

For rec soccer, these are the age brackets that CASA generally uses: U4-5, U6-8, U9-10, and U11-14 (This may vary from season to season based on the number of players).

For travel soccer, these are the age brackets that CASA generally uses: U10, U12, and U14 (This may vary from season to season based on the number of players).

Players may play up an age bracket with permission from CASA.

Players may NOT play down an age bracket. This is not allowed by MSYSA.
